FOOD & AGRICULTURE EXPERTISE

- Part of a team that served as Chief Restructuring Officer and financial advisor to a cooperative of cranberry growers in Wisconsin, which successfully implemented a Chapter 11 Plan of Reorganization. SCP's solutions identified and implemented operational changes to reduce costs by over 20% and improve production yields by over 10%, while providing secured lenders full recovery. The transaction also received a Turnaround Award by The M&A Advisor for restructuring of the year.
- Financial advisor to agriculture business in \$65 million refinancing. Developed and implemented cash management solution to allow company to negotiate forbearance with existing senior secured lender, and manage through liquidity shortfall.
- Completed sale of textile business with over \$550 million of revenue. Worked with management to enact strategic initiatives, including capital investment to enhance capacity, expand customer relationships, and streamline operations (including sale of non-core assets to enhance liquidity).
- Completed \$200 million of financings for textile business, providing the company additional liquidity from its suppressed availability.
