

JORDAN MEYERS

Managing Director

jmeyers@scpllc.com

INDUSTRIALS & MANUFACTURING

- Part of the CRO team to a \$130 million manufacturer of HVAC compressors for air conditioning, heating pump, geothermal, and refrigeration systems. Oversaw the successful 90-day winddown including, cease of operations and guided the Company through the wind-down process by coordinating end of production with customers and suppliers. In addition, we oversaw the repayment of debt obligations to the senior lender under established forbearance agreements.
- Financial Advisor to the oldest and largest manufacturer and supplier of cotton cloth coverings and cover materials for the publishing, packaging and industrial coatings markets. Successfully worked with management to prepare a detailed financial model to be used as a reporting tool by the Company.
- Financial Advisor to a \$40 million designer, manufacturer, and distributor of drivetrain systems, power transmission gearboxes, and related components serving commercial, industrial, agricultural, and military vehicle markets worldwide. Performed detailed assessment of the Company's current business plan, as well as identified short-term liquidity requirements and presented to the lenders.
- Financial Advisor to a manufacturer of steel structures for lighting, traffic control and mass transit.
- Financial Advisor to a \$50 million leading global distributor of aftermarket turboprop engines (engines with propellers) and turboprop engine parts for the PT6 and PW100 turbine engines. Performed an assessment of the business and presented our findings to the senior lenders.
- Interim Chief Financial Officer to a \$40 million aluminum extruder where he led the Company through a successful \$363 asset sale during its Chapter 11 process resulting in a full recovery to the secured lenders and over 60% recovery to the unsecured creditors.
