ENERGY, POWER & INFRASTRUCTURE

- Underwrote fund commitment in Canadian private energy fund focused on acquiring top-tier assets through complex situations requiring recapitalizations, restructuring, or repositioning; underwrote subsequent co-investment in the fund's largest portfolio company alongside an acquisition of an oil asset involving a pre-packaged bankruptcy process of a publicly traded company.
- Underwrote co-investment alongside an out-of-court restructuring in the equity of an upstream oil & gas producer in the Permian Basin.
- Monitored two U.S. based private equity fund commitments with portfolio of energy, power, and infrastructure investments with investment strategies focused on restructuring, recapitalization, and public shareholder activist campaigns.
- Monitored performance of two energy credit co-investments in oil & gas production companies completed during a period of severe industry distress.
